Tuffy Leremans, George Washington recruit, continues to
be the leading ground gainer with 268 yards in 65 attempts,
but his average is not much higher than that of Kink Richards

# Giants Seek Revenge

The New York Giants have their first opportunity of the current season to revenge an early setback when the Philadelphia Eagles invade the Polo Grounds next Sunday for the third home game of the year.

Bert Bell's Eagles handed the Eastern champions a surprise

in their opening National League game of the season in Philadelphia on September 13 when they outplayed the Giants and finally won out, 10 to 7 on Hank Reese's field goal in the closing minutes of play.

That setback was all the more bitter because Reese was a former Giant player and not only kicked the field

goal but was a bulwark in the Eagles forward wall on defense all day.

Carrying most of the offensive burden for the Eagles is "Swede" Hanson, former Temple star, who always has been poison to the Giants. Hanson at present is in third place among the leading ground gainers of the league, only some twenty-five yards behind the Giants' own sensation Tuffy Leemans, recruit from George Washington. That means the Polo Grounders next Sunday will have an opportunity to give Tuffy and

Kink Richards a big boost by clearing the way for them to run and also by checking the rampages of the South Jersey farmer.

Dave Smukler, giant Jewish full-back from Temple, is another big problem for the Giants to solve next Sunday. Smukler gained over sixty yards against the Giants in his prodebut but was in-

jured and is just coming back to action. With Smukler, Hanson and also Don Jackson, star of the great North Carolina eleven last fall, to carry the mail the Giants will have a tough time trying to even up for that early season setback.

#### PACKERS PACKING PUNCH

The Green Bay Packers and the Boston Redskinshave ousted the Chicago Bears, ground gaining leaders of the National Football League for the past three seasons, from the lead as the best offensive team in the fifth week of play. The Packers with 1116 yards took the lead, and Boston gained second place with 1034 yards, as the Bears dropped to third with 964.

Statistics this week also revealed that a total of 204 forward passes have been completed out of 559 thrown by all clubs for a 36 percent average, which is 2 percent better in efficiency than at any time in the history of the league. Pittsburgh, leaders in the Eastern Division race, retained team passing honors with 29 completed out of 60 for 48 percent, while the New York Giants are second with 23 out of 53.

The Bears continue to lead the circuit in scoring with 81 points. Green Bay and Detroit, who meet next Sunday, are second and third, respectively, with 68 and 62 points.

#### RULES OF MAJOR LEAGUE FOOTBALL SUMMARIZED BY WILFRID SMITH

Professional football, in the past three seasons, has altered the code of rules under which colleges and universities play the game. The changes have not been numerous but they have been important.

The most important change permits forward passes to be thrown from any point behind the scrimmage line. The college rule permits forward passes from any point FIVE yards behind the scrimmage line.

In professional football the goal posts are on the goal lines.

Professional football declined to adopt the "dead

ball" rule of the collegiate code.

Flying blocks and flying tackles are permitted in the professional game. The professional rule against clipping, that is, knocking down an opponent from the rear, is strictly enforced. The penalty is loss of 25 yards, as compared with the collegiate rule which penalizes infractions with the loss of 15 yards.

Professional players may be stationed any place on the field so long as they do not advance within 10 yards of the ball before it is kicked.

At the kickoff, the pros may kick from a dirt tee. Substitute players may communicate with their teammates immediately on entering the game. Coaches must be notified when the limit of three times out have been taken in a half.

When the ball carrier is run out of bounds or is tackled at any point within 15 yards of the side line, the ball will be placed in play at a corresponding point 15 yards from the side of the field.

Offside penalties on the defense within its own 10 yard line have been minimized. Instead of loss of five yards, customary rule, the penalty in this area

Here are the two most important changes in

the pro rules for this fall:

now is half the distance to the goal.

I. A fumbled ball, except fumbles resulting from lateral passes, may be advanced by either team, no matter whether the ball strikes the ground or not. On fumbled laterals, the rule remains the same. The offense may recover and advance; the defense only may recover unless the ball is caught in the air. Then it may be advanced. Fumbled kicks may be recovered by the kicking team. They can not be advanced unless the receiver of the kick gains possession and then fumbles when tackled.

2. The penalty for two forward passes on the same down has been changed. In the past there have been several instances where a forward pass was completed successfully and after the ball had been advanced for a long gain, an attempted lateral pass actually became a second forward pass. Under the collegiate rule the ball is brought back to the point at which it originally was put into play. The new professional rule provides for a loss of FIVE yards from the point at the second and illegal forward pass.
