The Electric Boat Athletic Club, particularly those connected with the Football Team are deeply indebted for the whole hearted support and consideration accorded them by the officials of the Electric Boat Co., especially Mr. Robinson.

The Management of the Electric Boat Football Team sincerely believes its success for the past season is due in a great degree to the loyal support and enthusiasm of the New London Football fans.

To the merchants of New London and vicinity, who were generous enough to advertise in this program, the Diesel football team is deeply grateful. We believe that their support in this manner will not go unheeded. Remember these merchants for they have proven themselves to be our friends.
